

ADDENDUM #1

RFP-2021-BDAS-07-SUBST

Substance Use Disorder Treatment and Recovery Support Services

On August 7, 2020, the New Hampshire Department of Health and Human Services published a Request for Proposals, soliciting proposals for the provision of Substance Use Disorder Treatment and Recovery Support Services to help individuals stop or reduce harmful substance misuse, improve their physical and mental health and social function and reduce risk for recurrence of substance misuse including but not limited to the opioid epidemic and associated overdoses.

The Department is publishing this addendum to:

1. Modify Section 1, Introduction, Subsection 1.2, Request for Proposal Terminology, to add:

Integrated Medication Assisted Treatment: Services provide for medication prescription and monitoring for treatment of opiate and other substance use disorders. Services should be integrated with other substance use disorder treatment services.

Evaluation: Used interchangeably with “assessment” to describe the full biopsychosocial evaluation of a client to determine the appropriate ASAM level of care and services as the basis for treatment planning.

2. Delete and replace Section 6, Proposal Process, Paragraph 6.2, Procurement Timetable, with the following:

6.2 Procurement Timetable
